*Moms for America's Signature Program*

Promoting a Foundation of Liberty

**IN THE HOME**

Has Become Vital to our Nation's Survival

## WHAT IS IT

The Cottage Meeting Project is a simple program with profound results. Using the familiar model of home parties (like Tupperware for Liberty) moms gather to learn the principles of liberty and the constitution in a very relatable way that resonates with moms.

Cottage Meetings empower moms with the true story of America, changing hearts and minds, strengthening families, and influencing communities.

A little matter will move a party,  
but it must be something great that moves a nation.

“ Thomas Paine

## HOW IT WORKS

Cottage Meetings are hosted by moms inviting their own circle of friends and neighbors to meet in their home, library, community center, or online to learn and preserve America's history and heritage in a guided discussion group.

The program starts with 12 inspired lessons compiled in a resource guide, providing hope and conviction that we can heal our country.

Using the same themed content, Cottage Minis were designed with moms of preschoolers and working moms in mind. Cottage Meeting for Kids was created to introduce children and youth to the principles of liberty with fun, engaging activities the whole family will enjoy. Following the original 12 Cottage Meetings moms can participate in our 16 part series Healing of America—an engaging, in-depth look into the history and significance of the U.S. Constitution.

## THE IMPACT

Moms who learn and teach the principles of freedom in their home will change the course of this nation. Through the Cottage Meeting Project, moms develop a greater understanding of the principles of liberty and the constitution granting them the confidence to speak out in the public square, be an influence in their community, and become regular voters in elections.

**Moms for America** is creating long-term, sustainable impact with our focus on home and family, and our distinct connection with the mothers of America.

## MOMS FOR AMERICA

The Cottage Meeting Project helps moms raise and nurture strong, virtuous, resilient children who will grow into a mighty generation of youth filled with the knowledge, courage, and wisdom to raise the standard of civility, secure the blessings of liberty, and sustain a free and prosperous America.

**We don't believe the greatest generation is behind us.**

**We believe it is before us!**

## COTTAGE MEETINGS FOR KIDS

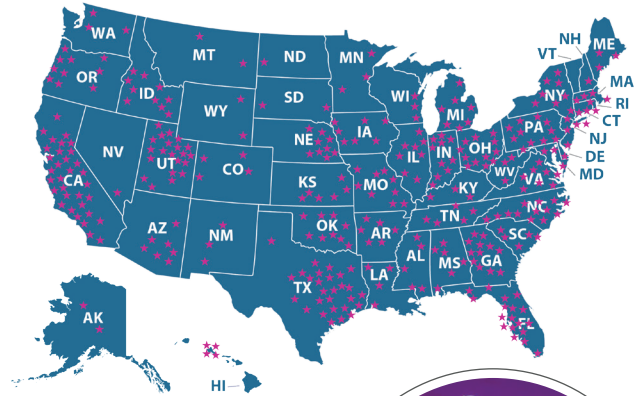

In the last few years, we have seen a dramatic downward turn in our culture and our children targeted. The flag and the national anthem have become political protests – while gender confusion and sexual content are celebrated in the classroom.

Cottage Meetings for Kids introduce children and youth to the principles of faith, family, and freedom through fun and engaging activities. The program also includes 12 modules that follow along with the Cottage Meeting Resource Guide.

Additional resources include Liberty Trips, Liberty Kids Club, and partner resources through American Heritage Girls, PragerU for Kids, and more.

10 small discussion groups in the community will do more to create a new way of life than a hundred mass meetings with a thousand in attendance at each.
