ABOUT US

Moms for America is a 501(c)3 non-profit organization founded in 2004 by Kimberly Fletcher. The organization's mission is to *Empower Moms* to promote the principles of freedom, free markets, and limited government that will protect our God-given liberties for future generations. **Moms for America®** believes that liberty begins at home. Since its founding, we have set out to help moms across the country raise patriots and engage in the public square through activism and running for office to heal America from the inside out. **Moms for America®** is known for being the fastest-growing women's movement in America.

WHAT WE BELIEVE

- 1. We believe in God-given rights.** We believe the rights proclaimed in the Declaration of Independence and the preamble to the US Constitution are incontrovertible. As such, we commit to defend the right to life, liberty, and the pursuit of happiness (which includes private property) by preserving and protecting the Constitution of the United States and the Bill of Rights.
- 2. We value personal responsibility.** This belief calls people up to self-governance, the value of work and the joy of self-determination and is supported in the US Constitution and natural law. As such, we endeavor to limit Government to its proper role.
- 3. We believe love is strong.** As such, we celebrate the intrinsic dignity of each member of the human race and honor that he or she is created purposefully in the image of God and should enjoy the rights in the Constitution from the time of conception.
- 4. We value freedom.** We believe it is the foundation for a good society. As such, we actively study and apply freedom principles and promote the truth of our liberty loving heritage.
- 5. We believe freedom rights are maintained through engaged citizens who inspire good leadership.** When leadership is flawed, we believe that freedom principles are the appropriate provocation to usher in new leaders who govern by inspiration, lead by example, stand strong for limited government, and support educational, economic, and religious freedom.
- 6. We value the family.** We celebrate various solid educational platforms but affirm that the home is the best place to instill a love and understanding of liberty.
- 7. We believe in parental rights.** We honor the right and responsibility of parents to rear and cultivate their children educationally, socially, vocationally and in all matters of faith.

PROGRAMS

Cottage Meeting Project

Liberty begins at home. Moms who learn and teach the principles of freedom in their homes will change the course of this nation. That's what Cottage Meetings are all about! In just 12 fun and inspiring classes, moms, grandmas, and everybody else will develop a greater understanding of the principles of liberty and the Constitution, granting them the confidence to speak out in the public square and teach their children at home.

Restoring Patriotism

Restoring Patriotism is one of our biggest campaigns yet to bring back the principles this country was founded upon. It's time to stop playing defense in America. It's time to bring patriotism to the forefront of our homes, schools, and communities. Restoring Patriotism seeks to bring back the heart of America to every generation through an all-encompassing approach including classes for moms and kids; Liberty Trips for families to visit historic sites around the country; a kids' patriotic activity pack; and patriotic gear for the whole family. We shouldn't have to question standing for the American flag—and we should never teach our children to kneel for it. At **Moms for America®**, we are unapologetically proud to be Americans, and believe our children should be, too!
