# **QUARTERLY** REPORT

MomsforAmerica.us

#### Dear Friends & Supporters,

It was an honor to join so many of you in Dallas to celebrate 20 years of *Moms for America*. Two decades ago, *Moms for America* started with Cottage Meeting Lessons in our living rooms. We wanted moms to learn the principles of freedom

on which our nation was founded and to be empowered to teach their children. What started so simply has grown to a national movement beyond anything we could have imagined.

Now we reach moms across the country and offer resources on the hot button issues facing families and young people. Through *Moms for America* Groups, we can connect families with local resources and unite our efforts with patriotic mothers in so many communities.

In addition to our 20<sup>th</sup> Anniversary Celebration, the first quarter has been jam-packed with events, media appearances, and growth. In this critical election year, moms and the mom vote are more important than ever. That is why we have increased our work empowering moms to protect our children, defend our freedoms, and restore the republic in our homes, communities, and through our vote. Thank you for making the past 20 years possible. We are able to do everything we do because of you. We are so grateful for your continued support.

In Truth & Liberty,

## **Dallas 20<sup>th</sup> Anniversary Summit and Gala** February 29 - March 2, Dallas, Texas

The *Moms for America* Summit and Gala was an extraordinary event moms are still buzzing about. Eight hundered moms and fans attended in person and thousands more tuned in via live stream to enjoy the three-day infusion of hope and encouragement. The event featured 72 nationally acclaimed speakers, 10 top issue-driven panel discussions and a full training day for our state and local leaders.

See video and pictures of the event here

The event kicked off with our training day provided by the *Moms for America* national team and Leadership Institute, one of our partner organizations. The day included a VIP Glenn Beck Vault

Tour exclusively for MFA group leaders, showcasing the organization's commitment to leadership training and development at Mercury One's headquarters.

That evening, we honored three phenomenal patriots, Jim Caviezel, Ben Carson, and Kevin Sorbo with our *Champion of Freedom Awards*.

Throughout the three-day summit, attendees continued to be inspired by a diverse lineup of speakers including **Moms for America's** founder Kimberly Fletcher, General Mike Flynn, Linda McMahon, country music legend John Rich, Kevin and Sam Sorbo, Dr. Sebastian Gorka, Lance Wallnau, Dr. Simone Gold, Angela Paxton, John Rich and many more! Each speaker brought their unique perspective and passion, leaving a lasting impact on all those who attended. Our panels featured topics such as Gender Confusion, Medical Freedom, Pitfalls of Digital Currency, and Faith in Politics.

The *Moms for America* Summit and Gala was more than just an event; it was truly a milestone celebration of the values and principles that make America great. Attendees left the event feeling inspired, empowered, infused with hope and ready to make a difference in their communities and the world at large.

## 2024 Conservative Political Action Conference (CPAC)

CPAC was held in Washington, D.C., February 21 to 24, where *Moms for America* was once again the premiere sponsor of the women's breakfast where we presented Gina Loudon and Mercedes Schlapp with *Mothers of Influence Awards.* 

Our very own President and Founder, Kimberly Fletcher, took to the main stage at CPAC focusing her speech on the challenges we face as a nation and the pivotal role that moms plays in shaping the future of our country.

Our participation in CPAC 2024 was a resounding success. We not only strengthened our ties with the conservative community, but also showcased the impact and influence of *Moms for America* in the political arena.

## Trucker Convoy "Moms at the Border"

In a bold move to address the pressing issue of border security, *Moms for America* joined forces with Texas Governor Greg Abbott and Attorney General Ken Paxton to take a stand for the protection of American families and communities. Coordinated rallies at the California, Arizona, and Texas borders sent a strong message to policymakers that moms demand action to safeguard their children, families, and communities from the ongoing border crisis. In addition to joining the rallies, *Moms for America* launched a digital campaign honoring Governor Abbott and Attorney General Ken Paxton as heroes for taking a strong stand to defend our borders.

## **CPAC Hungary & Make Europe Great Again**

Our President Kimberly Fletcher, a prominent speaker, gained international recognition when she was invited to speak at CPAC Hungary. Her focus was on safeguarding children from radical anti-family political agendas. Additionally, she was a featured speaker at the "Make Europe Great Again" world conference organized by the AUR (a conservative political party in Romania) in Bucharest. Both events covered all expenses for her participation. The AUR, along with the Republican Parties of Romania, have significantly influenced Romanian politics. A notable moment was her meeting with George Simione, the AUR's candidate for the Romanian Presidency.

## **CDC Lawsuit Update**

We are diligently pursuing a crucial initiative to unveil the CDC's deceptive practices, empower mothers to safeguard their children against oppressive mandates, and ensure that the onus for these tyrannical decisions is placed squarely on the shoulders

of those responsible—elected representatives, schools, and hospitals that enforce these mandates.

We raised \$300,000 for the initial research and litigation prep for the case. We are now ready to present the case in federal district court. The litigation will cost an additional \$200,000 this year and we are seeking funding to meet that goal. There is high probability this case will go all the way to the Supreme Court by early next year.

## **Mom Vote and Walkathon**

The *Moms for America* Mom Vote Campaign and Walkathon has been successfully empowering moms and women to vote, with a focus on increasing voter participation across the country. The initiative is well underway blasting through the beginning of 2024 election year already mobilizing an army of moms in key states like Texas, Arizona, New Hampshire, and North Carolina to make a difference in the 2024 elections. We will continue this grassroots initiative throughout this election year as we continue to activate Moms to Vote!
