... from the Founder & President

Dear Friends & Supporters,

I want to personally thank you for your ongoing support for our mission and let you know what we have been up to in our second quarter. The past three months have been busy! We have seen tremendous growth, made strategic additions to our team, and met with moms across the U.S. excited to join us.

Our spring and summer have been packed with events, media appearances, rallies, and press conferences. We are getting the word out and putting the silent majority in the public spotlight. These events and initiatives would not be possible without your generous support. There is such a hunger for truth and more moms are waking up to the need for action. With your help, we continue to grow and reach more moms and patriotic Americans who want to be part of bringing America back to our founding principles.

## Membership & Education

During our second quarter, our Membership and Education Department has grown exponentially, starting with expanding the staff from one to four members. Zaira Gomez, our Director of Membership and Education, now has two full-time administrators for membership and education, and a part-time administrative assistant. With as fast as our membership is growing, this has created a smoother, more effective workflow and increased department productivity, allowing us to keep up with the growth and continue to serve our expanding membership.

Nationwide, membership inquiries are up 40%-50%, attributed primarily to live events and media interviews with our Founder and President, Kimberly Fletcher. State Liaison and Group Leader onboarding has increased by 30%-40%. Monthly leadership training sessions provide our State Liaisons and Group Leaders with the skills and knowledge necessary to advance the **Moms for America** mission and vision in their own states and communities. We have forged working partnerships with several organizations including Grassroots Leadership Academy and the National Center for Constitutional Studies to help us strengthen and equip our volunteer leaders.

Future goals for the department include expanding the educational webinar calendar, filling each state with a liaison and each county with a group leader, assisting in the recruitment of School District Ambassadors, streamlining and automating the volunteer onboarding process, effectively training Group Leaders/State Liaisons in social media interaction, developing a summer Kids' Camp and follow-up lessons for Cottage Meetings for Kids, increase Hispanic outreach, and expand the Grammy Grizzlies membership.

## EMPOWERMoms<sup>SM</sup>

Our Empower Moms team is actively recruiting and training School District Ambassadors to serve in the 13,452 school districts in the United States. We hosted a Spring Training Camp for new school board members led by Kelly Kohls, the director of our School Board Leadership program, held monthly Mom2Mom webinars for moms interested in homeschooling, and partnered with September Group to provide more relatable, mom-friendly training for school board candidates. We are currently working with and training school board members and candidates in 32 school districts in 14 states.

## FCC Bill – Moms for America with John Rich

*Moms for America* spearheaded ground-breaking legislation in Texas championing the FCC Standards Bill, also known as the READER Act. This simple legislation protects children from inappropriate material in the public school. The bill began with the simple idea: “If you can’t show it on TV, and you can’t air it on the radio, you can’t have it in the classroom.”

Here’s an [interview](#) with John Rich and Moms for America President and CEO Kimberly Fletcher after the bill was signed into Texas Law on June 12.

To effectively implement these projects and meet our goals, MFA Action welcomed **Vanessa Faura** to the team. An experienced professional in areas of legislative activism, issue-based education, grassroots organization, and community partnership and involvement, Vanessa will be a tremendous asset to the work of Moms for America Action. Mother of two girls, Vanessa also brings a mother’s perspective and experience to the role. Vanessa will serve as the Executive Director of Moms for America Action. We are so excited to have her on board!
