

## Healing America from the Inside Out!

*A National Movement of Mothers to Reclaim Our Culture for Truth, Family, Freedom*

MomsForAmerica.us

Over 1.3 million American sons and daughters have given their last full measure protecting the American way of life. They, like you, swore an oath to support and defend the Constitution of the United States against all enemies, foreign and domestic, and promised to bear true faith and allegiance to the same. *In their case, that oath cost them everything.*

My name is Kimberly Fletcher. I am the president and founder of [Moms for America](http://MomsforAmerica.us), mother of 8 children, and wife of a retired officer in the US Air Force. I am writing today to ask for your support in addressing a very serious concern. Our nation is facing a cultural crisis with a dramatic shift toward a socialist state. What is even more shocking is that this push toward socialism is being promoted by some members of our own US Congress.--those who have sworn an oath to defend the Constitution and our Republic.

In an effort to counter this dangerous movement to uproot our Constitutional Republic, we are asking members of Congress to sign a **Pledge and Promise to the American People** recommitting their service to defending the Constitution and securing our Republic. Attached is a copy of the Promise and Pledge we are asking members of congress to review and sign.

**On July 4<sup>th</sup>, Moms for America held a Rally for Freedom at the U.S. Capitol** in Washington D.C., where more than 40 Gold Star Wives, Mothers and their families stood united with military families, 9-11 survivors and Americans from across the country to honor those who paid the ultimate price for freedom and stand boldly against the socialism they fought to defend us against. Academy Award Winning Actor, Jon Voight, joined us as well as several Gold Star Wives and Mothers who spoke—including Amanda Jacobs, the Gold Star Mother from North Carolina whose passionate speech went viral only hours after it was given. While the Rally is over and the Gold Star Families have returned home, our mission to secure the Republic has just begun, as we continue asking members of Congress to sign the *Promise and Pledge to the America People* on behalf of those who gave all.

**On September 17<sup>th</sup>, Constitution Day**, Moms for America is holding a press conference on the steps of the U.S. Capitol joined by Gold Star Moms and mothers from across the country, to present the Congressional Pledge and Promise, and those who signed it, to the America people. We would like to invite you to join us at the press conference in taking a strong stand in to defend the Constitution.

It is our sincere hope that you, as a member of the United States Congress who we've entrusted to represented us, will realize the gravity of the perilous path our nation is on and add your signature to this pledge and promise, recognizing the significant impact it can have in securing the freedoms our service members devote their lives defending and these Gold Star Families paid the ultimate price for.

Thank you for your service and dedication to preserving and securing our beautiful Republic! May God continue to bless in you as you strive to do so.

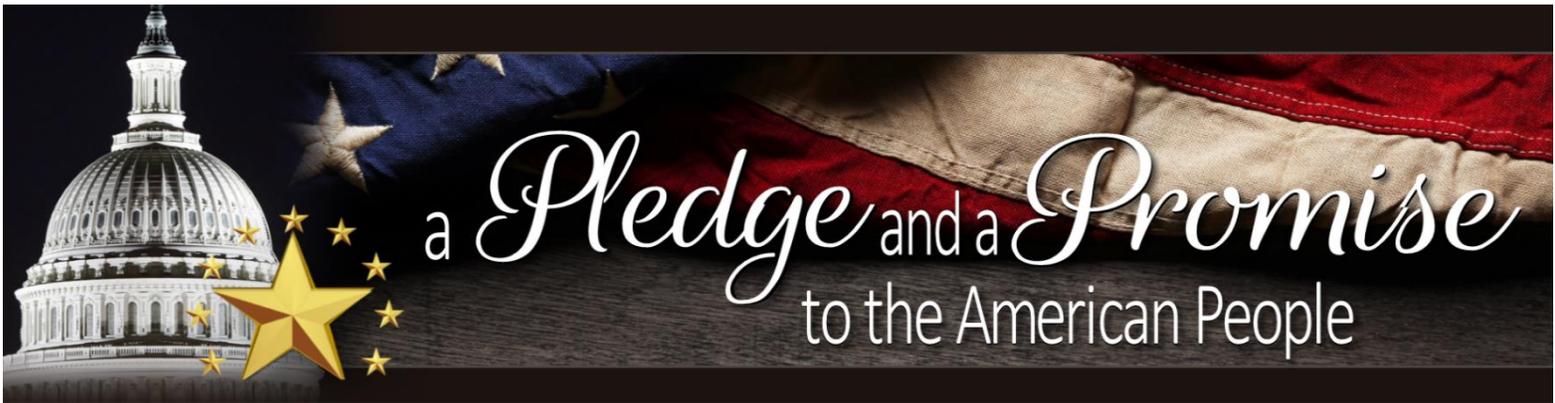

In Truth & Liberty,

In recognition of the tremendous sacrifices made throughout our nation’s history, and in honor of America’s Gold Star families who’ve paid the ultimate price for freedom, I affirm my oath to “support and defend the Constitution of the United States against all enemies, foreign and domestic” and pledge to maintain and promote its standard of liberty for ourselves and our posterity. I further pledge and promise that I will stand firm in the fight to secure our Representative Republic and will do everything in my power to make sure America *never* becomes a Socialist country.
