# What is the Cottage Meeting Project?

Our virtual Cottage Meetings are led by our Vice President, Juleen Jackson

## The Cottage Meeting Project is...

**Designed to promote and nurture a foundation of liberty in the home** as friends and family meet together to share the story of America and study the virtues and principles of liberty our nation was founded on.

**Building an army of women who will raise a nation of patriots.** The Project focuses on women because of their incredible influence on our society and culture.

**Designed using a familiar model**—home parties. This is something women already know how to do. We have all either hosted or attended a home party. Cottage Meetings are like Tupperware for Liberty!

**A simple project with profound results.** The results of this project, after just one meeting, are profound. The women who attend have an immediate desire to learn more, share the things they learn with their children, and influence within their sphere of influence.

**A heart changing program.** Cottage Meetings create pockets of liberty in homes across America. The Cottage Meeting Project can be a powerful, sustaining force in building a nation of well-informed citizens through the mothers of America, and lead to a people capable of sustaining freedom.

You can hold a Cottage Meeting in your home, church, or community center. We provide all the resources through the Hostess Kit to get you started. You can also join our interactive, Virtual Cottage Meetings live each week. The audios and video recordings of each session are available for download after each presentation so you can listen or view at your convenience. And, we're excited to announce, our hybrid model will be available in the Fall of 2021!

*I just finished the 12 summer 2020 "cottage meetings" on YouTube. They were awesome, inspiring and are worth watching twice. Changed the way I look at teaching (not preaching) in a more loving way to teach a new generation of patriots which is so urgently and desperately needed right now! —Paula, California*

You ladies give us so much to “chew on” that I am amazed! Digging into those things. Have joined a group of AMAC members & we (hubby & I) are getting active in making our voices known about bills of concern. Thank you for your call to action & faithful service to everyone! —Pam, Arizona

Thank you for leading us on this journey! I would love to get my eyes on your family devotional. We do a morning devotional but I'm always looking for more ideas! —Lori, New York

I've been attending the cottage meetings. I've been asked by our state senator to consider running for the school board and it seems very providential. I would love to ask you a few questions as I discern my answer. Thank you so much! —Samantha, Pennsylvania (UPDATE: Samantha is now a candidate for school board!)

Thank you for leading and teaching the Healing of America course! I would love to receive the file for the outline of the Constitution.
