Moms for America to Hold State of the Union Address from American Moms

***Moms for America* Hosts a Gathering of Moms, Wednesday January 26th
at 1:00 PM CST to Address the State of the Union**

Dallas, TX – _Concerned moms from across the country will unite to address a variety of issues impacting families and lay out commonsense solutions to protect our freedoms, our families and restore the Republic. Texas Attorney General Ken Paxton and his wife will also speak at the event which will be livestreamed on Facebook at [MomsforAmerica1](#).

Kimberly Fletcher, President and Founder of [Moms for America](#) stated, “Our message is one of hope and encouragement, not the gloom and despair being thrust on us by overreaching government officials. The Biden Administration is completely out of touch with the issues and concerns facing American families today. We are paying closer attention to what is happening in our children’s classrooms, and we want a more patriotic, life-affirming education for our children. We want safer neighborhoods, secure borders, medical freedom, and a secure future for our children. These are not just political talking points for moms but real issues that affect our children and families. Conservative, every-day women are not being heard. [Moms for America](#) is giving them a voice.”

The State of the Union from American Moms will be held at Rock Creek Ranch in McKinney Texas and the public is welcome. For more info visit [2022 State of the Union | Moms for America](#)
